CAPABILITY STATEMENT

Empowering Education with Accessible AI Solutions

Our Mission

At Appseed, we empower educational institutions to harness the transformative power of artificial intelligence. We specialize in delivering custom, web-based AI solutions that enhance teaching and learning. Leveraging over 20 years of proven software development experience, we offer accessible AI tools to help schools, colleges, and educational organizations navigate the AI revolution and implement innovative learning solutions.

Core Capability: Educational AI Solutions Development

Appseed specializes in creating deployable, custom web-based AI solutions for educational institutions. Our FREE public portfolio demonstrates AI's potential in education, while our custom development services create tailored solutions for specific learning needs.

Specialized Educational Expertise

- **Custom Educational AI Assistants:** We develop tailored intelligent chatbots and learning assistants for student support, teacher productivity, and administrative automation—helping educators focus on high-value teaching activities.
- **AI-Powered Learning Tools:** Our solutions enhance educational outcomes with interactive tutorials, adaptive learning systems, and personalized study aids that support diverse learning styles.
- **Real-Time Educational Analytics:** We implement AI systems that analyze learning data to provide insights on student progress, engagement, and achievement—helping educators make informed instructional decisions.
- **Scalable & Secure Educational Deployment:** We build reliable, secure, and scalable web-based learning platforms designed to deploy and manage AI educational tools, ensuring consistent performance as your institution grows.

Our Educational AI Portfolio (Free Public Examples)

Explore our comprehensive collection of FREE AI tools at <https://veeazy.com/>:

- **Educational Tools Suite** - Math tutors, story readers, and homework assistants
- **Quiz & Test Prep Platform** - Interactive assessments

"Code, Connect, Create."

across subjects

- **AI Engineering College** - Prompt engineering training for AI literacy
- **Creative Writing Tools** - AI-assisted poetry, stories, and content creation
- **ESL Tutor** - 24/7 English language learning support
- **Dr. Frasier Mental Health Assistant** - Student wellbeing guidance
- **Accessibility Tools** - Text-to-speech, translation, and summarization

These tools demonstrate what's possible with AI in education and serve as the foundation for custom solutions.

Why Partner with Appseed for Education?

We combine educational technology expertise with proven software development experience. As a team with deep roots in creating effective learning solutions, we focus on one mission: delivering accessible, secure, and pedagogically sound AI solutions that enhance educational outcomes.

From Free Tools to Custom Solutions

Our FREE public tools show educators what AI can do. We then work with institutions to develop CUSTOM AI solutions tailored to their specific:

- Curriculum requirements
- Learning management systems
- Student assessment needs
- Teacher professional development
- Administrative efficiency goals

Certifications & Compliance

- City of Los Angeles Certified
- City of Los Angeles – Targeted Responsible Contractor (TRC)
